

Untamed Romance

When The Wild Meets The Heart

Who & Why

When The Wild Calls, We Answer

We met between oceans and time zones. Three strangers turned co-conspirators, shaped by years of life at sea and the stories we gathered far from shore.

Different continents. Different strengths. Same instinct, to chase what feels real.

Untamed Odyssey is our answer to that calling, a way to share the wild beauty, rich culture, and soul of Africa, the most untamed continent of them all.

Untamed Romance

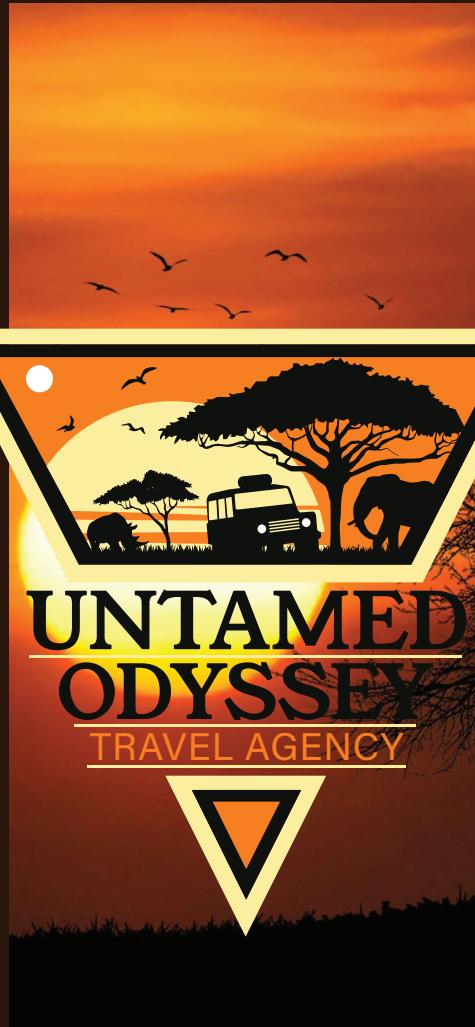

This journey was designed for two: not for show, but for substance. It balances stillness with discovery.

City lights and quiet lodges, open roads and private tables, the calm of knowing every detail is handled.

From Cape Town's rooftop views to the hush of the bushveld, it unfolds with intention.

Wild encounters, quiet drives, slow mornings, and evenings where the world falls away.

No rush. No routine. Just the rare freedom of moving together, at your own pace.

Your Odyssey

South Africa

Botlierskop

The Untamed Highlights

- Morning and afternoon game drives.
- Private sundowner safari.
- Couple's panoramic spa session.
- Bush dinner under the stars.
- Optional horseback or walking safari.

Quiet Luxury in The Wild

Three days of stillness and open space.

Morning game drives bring the Big Five into view. Evenings close with sundowners and silence.

Between them, time slows at a panoramic spa, a private dinner in the bush, the calm that comes when everything's been thought through.

Knysna & Wilderness

Coastline in Slow Motion

From bush to coast, the tempo shifts. The drive brings you to the Garden Route amidst the rivers, forest and open air.

You'll spend the day on the water, kayaking through calm stretches and stopping near hidden waterfalls.

Time stays loose, walking with elephants, dinner by the sea, and an easy night before returning west.

The Untamed Highlights

- Kayaking through the forest in Wilderness
- Private riverside picnic
- Once-in-a-life-time elephant walk
- Dinner with a view at the Knysna Heads

Cape Town

The Edge of the Continent

Cape Town brings the contrast. Prepare for coastlines, skylines, and a pace that knows when to pause.

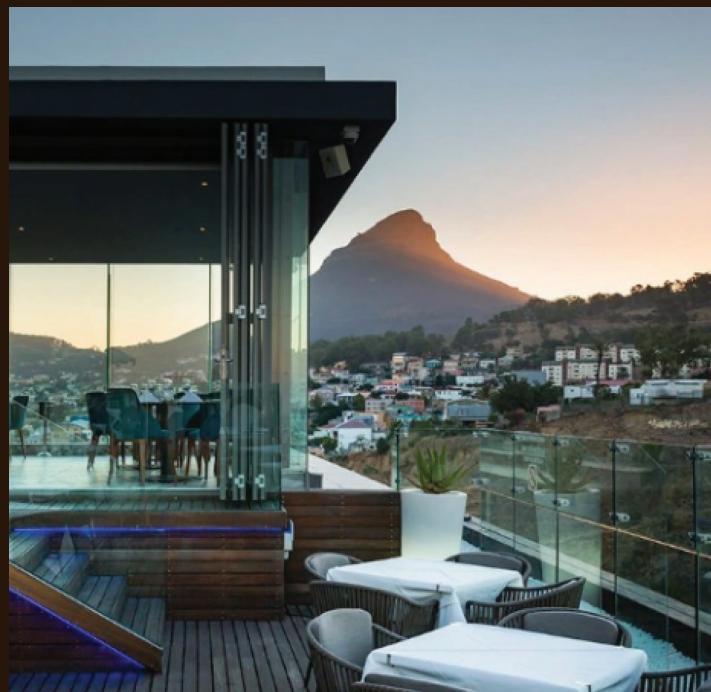

Days that mix altitude and ease. From a helicopter flight over the peninsula, a slow picnic in the gardens to quiet hours by the water.

Evenings move upward to rooftop dinners, harbor views, and some time set aside for nothing at all.

The Untamed Highlights

- Scenic helicopter flight over Table Mountain and Clifton.
- A Romantic picnic at Kirstenbosch Botanical Gardens.
- A scenic city rooftop dinner
- Optional Two Oceans Aquarium visit.

Chapman's Peak

The Road Between Worlds

The journey west opens up with one of South Africa's most striking routes, Chapman's Peak drive.

The route follows the edge of the continent with its sharp cliffs, quiet bays, and long, unbroken views.

After the full coastal drive you'll stop to watch penguins at Betty's Bay and pause for a simple seaside lunch before turning inland toward the vines.

The Untamed Highlights

- Scenic drive along Chapman's Peak and the coastal road.
- Stony Point Penguin colony in Betty's Bay.
- Fully catered coastal picnic lunch for two.

Franschhoek

The Untamed Highlights

- Wine Tram experience.
- Vineyard tastings and gourmet lunches.
- Couple's spa session.
- Optional Hot Air Balloon.
- Farewell dinner in Franschhoek

Time Well Poured

The final chapter slows down and vineyards replace skylines.

You'll ride the Wine Tram through the valley, pause for tastings and long lunches. Settle into evenings built around good food, fine wine and open air.

Every detail quiet, every setting deliberate. The kind of stillness that stays.
